

PUPPET PEOPLE

20A Keenan Road, Pyes Pa, RD 3 Tauranga
New Zealand. Ph. +64 (07) 543 3640,
Mob. 027 276 5162
Email: dan@puppetvision.co.nz www.puppetvision.co.nz

To share good wholesome community and family based principles with children and adults through the medium of puppetry and the audio-video media.

PUPPET CATALOGUE

To view a number of our various puppets, please visit our on line gallery at:

<http://www.puppetvision.co.nz/page/gallery/>

Paper bag and Sock puppets are the simplest form of puppetry and children can make their own. You can see how to make them yourself by visiting:

https://puppetvision.rocketspark.co.nz/page/Puppet_Making_Videos/

Alternatively the sock puppet blanks are available, with eyes, hair and instructions for \$4.50 each.

Small Puppets

Come in families mostly. Grandpa, Grandma, Mum, Dad, Boy and Girl.

Cost for these is **\$50.00 each**, but if you purchase the whole family of 6 you get one free, so the **family group comes for \$250.00**

They are also available as **special puppets** such as Pirate, Cowboy, Surfie, Cool dude, but these take extra hats, surfboards, guitar etc. I can also make them to any style you like. The **cost is \$60** for each of these.

Large Puppets

With full foam and fabric heads and foam and fabric bodies again come in families, Grandma, Grandpa, Mum, Dad, Boy and Girl.

They are **\$125.00 each**. They come dressed and the hands are wired so you can shape them in whatever way you see fit, or hold objects.

Again, if you purchase the whole 6, you get the 6th one free, so the cost for 6 is **\$625.00**.

If you wish to use them as ventriloquist lap puppets you can purchase detachable legs with trousers and shoes depending on the character.

Legs are \$45.00 (see below for Latex Rubber puppets)

Puppets are all made so that they can be used in a theatre, putting the hand up from below, or as ventriloquist puppets putting the hand up the back of the shirt and through the back into the head.

Latex Rubber heads and hands

The next level of puppet is Latex rubber heads and hands. We have a number of Moulds that you can see on the web site gallery. These examples are mascots made for groups.

These Puppets require more elaborate wigs and of course the heads and hands are moulded in Latex rubber.

Cost for each of these puppets start at \$200 each.

Please see our web site for the different characters

<http://www.puppetvision.co.nz/page/gallery/>

I also have all the patterns for puppets at: <http://www.projectpuppet.com/puppet-gallery/> and can make any of the puppets you see on these pages, or adapt them to your needs

Monster Puppets

Come in any colour you would like.

They are made with short or long fur and the cost of the fur has an effect on the cost of the puppet.

Short fur puppets are \$100.00
Long fur puppets are \$150.00

They have human hands so that you can operate them with one puppeteer placing a hand in the head, and another puppeteer using the two hands.

Alternatively a single puppeteer can operate the mouth, and one hand. They have blinking eyes

We have many more puppets, Native N.Z. birds, animals, and can make any puppet you desire. Below are some of the puppets we have made but they are made to order and will come with individual quotes.

We have also made full body mascots, and sets of puppets for special plays as can be seen on the page below.
